Cruisers Tennessee and Montana Should Be Repaired Here.

The cruisers Tennessee and Montana which were sent to the coast of Asia Minor in November last when the Balkan war situation endangered American life and property have been ordered to American waters. Previous and present administrations have promised that the Portsmouth yard would get these vessels on their return. Now is the time to see that we get them and that the promise of the navy department is made good. We cannot get busy too quick.

## POPULATION AS WORKING BASIS

Bill Providing for New Arrangement of Senatorial Districts Introduced in House of Representatives

Concord, N. H., May 7.—The bill arranging the senatorial districts of the state on the basis of population instead of wealth was reported in the house this morning and is looked for passage at an early date. A statement which accompanies the bill gives nine to the Democrats and nine to the Republicans and classes six as doubtful. Under the provisions of the bill the new districts will be constituted as follows:

1st—Hefflin, Clarksville, Colebrook, Dunmer, Errol, Milan, Pittsburg.

Stewartstown, Wentworth's Location 2nd—Bethlehem, Carroll, Columbia, Dalton, Jefferson, Lancaster, Lisbon, Littleton, Northumberland, Stark, Strafford, and Whitefield.

3rd—Bath, Benton, Campton, Easton, Ellsworth, Franconia, Groton, Haverhill, Holderness, Landaff, Lincoln, Livermore, Lyman, Monroe, Plymouth, Rumney, Thornton Warren, Waterbury, Wentworth, Woodstock.

4th—Albany, Bartlett, Brookfield.

## JOHN E. DIMICK PASSED AWAY THIS MORNING

Held Many Responsible Positions and Stood High in Esteem of the People.

Our well known fellow-citizen, John E. Dimick, passed quietly and peacefully away at his home on State street at 11:15 o'clock this Thursday morning, after a lingering and trying illness of several years, which has obliged his retirement from active life since last November.

He was born in Lyme, N. H., March 28, 1836. The first eighteen years of his life he spent on a small farm, his father being a prosperous and well-to-do farmer in that town.

Becoming tired of farm life, he accepted a position as baggage master and switchman on the Passumpsic and Concord railroad, stationed at Wells River Junction.

He was promoted to general freight and passenger agent on that road at the age of twenty-one, which position he held until 1863. From there he was appointed in the same capacity as agent of what was the White Mountain railroad, but had been purchased by the Concord and Montreal. He held this position for four years, with headquarters at Littleton. In 1870, he was transferred to the head of the road at Lancaster, N. H., as freight and ticket agent and continued running all freight and passenger trains north of that place.

While stationed at Lancaster he was elected and sent to the legislature by the republican party, as representative from that district for two terms. In the years 1875-6, he being the first republican sent from that district for several years.

In the spring of 1880, he moved his family west and settled in Mattson, Ill., where he received an appointment as conductor on the Peoria, Decatur and Evansville railroad. Later he was put in charge as superintendent of a branch road running out of Peoria.

In the fall of 1882, he resigned his position and came back east on account of the ill health of his aged father, and in March, 1883, he was tendered the position of ticket agent on the Concord branch of the Boston and Maine railroad, succeeding Samuel Barrett. He was afterwards appointed as what agent on the Boston and Maine railroad, holding a most responsible position, handling thousands of tons of coal and having in charge a large number of men; which position he held until the office was abolished in November, 1911. An elegant gold-headed ebony cane standing in his room tells the story of his successful settlement of a difficulty which occurred some years ago between the wharf engineers and the coal companies, to which he brought about an issue that suited both parties and was particularly satisfactory to the engineers, as this elegant cane testifies.

In politics Mr. Dimick was always a republican, although he never took an active part in political affairs. At the earnest solicitation of friends, he was induced to accept the position as police commissioner and was appointed for six years by Governor Russell in April, 1895; again for six years in 1901; and for six years more in 1907, and served until sickness obliged him to resign, and he retired with honor early in 1913.

On Sept. 10, 1857, he was united in marriage to Charlotte R. Kennedy of Wells River, Vt. She died in this city Feb. 11, 1885, and on June 10, 1888, he married again, his second wife being formerly Mrs. Julia A. Prescott of Manchester, N. H., who survives him, together with his daughter, Flora H., and two sons, George H. of La Junta, Colorado, and John Edwin of this city.

Mr. Dimick was a member of St. John's lodge, F. and A. M., and of the Middle street Baptist church, where he was a warden for several years. He was also an interested member of the Warwick club, where he found many personal friends. He stood high in the confidence and esteem of the people of Portsmouth, with whom he has lived for the past thirty years.

### "MOSSBACKS" IN NAVY ARE OPPOSED

Washington, May 7.—President Wilson was asked to use his influence to have legislation enacted by Congress which would weed the "mossbacks" out of the navy and permit elevation of young men to flag rank. The request was made by a committee from the Naval League of the United States, including Gov. Emmett O'Neill, Col. Robert H. Thompson, Perry Belmont, Henry B. F. Macfarland and A. H. Dadmun.

## ATTENDED IN GOOD NUMBERS

Twelfth Annual District Meeting of I. O. O. F. Held in this City on Wednesday Evening

Lodges representing the fifth district of New Hampshire Odd Fellows met at Odd Fellows Hall on Wednesday evening, the occasion being the twelfth annual district meeting. The initiatory degree and various secret works of the order were exemplified, and following the ritualistic work a banquet was served. The meeting was dignified by the presence of Grand Master, Frank M. Beckford, Grand Secretary, Frank L. Way, Grand Treasurer William W. Caron, and district deputies Frank H. Welch and Herbert L. Goodwin, of the fourth and sixth districts respectively.

The meeting assembled under the immediate supervision of District Deputy Charles W. Greene of this city. Pisataqua, New Hampshire, and Osgood lodges of this city, Sagamore lodge of Exeter, Rockingham lodge of Hampton, Fraternity lodge of Newton sent goodly representatives to the meeting. The session was opened at 7:30 o'clock in the lodge hall of Odd Fellows building by the following officers of the New Hampshire district: Noble Grand George H. Joy, Vice Grand Caleb Carrier, Recording and Financial Secretary, Stanton M. Trueman, Treasurer Sidney S. Trueman, Warden Frank M. Akerman, Conductor David Urich, Chaplain Edwin Underhill, Right Supporter to Noble Grand John Bender, Left Supporter to Noble Grand Benjamin Canney, Right Supporter to Vice Grand James Lydston.

District Deputy Green was attended by the following staff: Grand Warden Fred M. Akerman, Grand Secretary Stanton M. Trueman, Grand Treasurer William G. Drew, Grand Marshal William F. Tilton, Grand Chaplain Edwin Underhill, Grand Guardian Sidney S. Trueman and

Grand Herald Charles B. Allen. The official reception of the grand lodge officers followed the opening of the meeting. The officers of Osgood lodge under the direction of Degree Master John H. Yeaton then exemplified work in the initiatory degree. This work was in charge of the following officers of the degree staff, who were assisted by a floor team of twenty-five members: Noble Grand Walter H. Mason, Vice Grand William F. Tilton, Warden Joseph M. Varrell, Conductor Charles E. Hodgdon, Chaplain Henry Donnell and past grand Albert C. Plummer.

At the conclusion of the work corrections and suggestions were offered by Grand Master Beckford and the other grand lodge officers. Grand Secretary Way then discussed the unwritten work with an exemplification of floor and ritual work. Discussion under good of the order was participated in by all the grand lodge officers. The meeting terminated with an informal reception of the Odd Fellows visiting this city and with a banquet in the upper hall of Odd Fellows' Building.

Arrangements for the district meeting were made by the following general committee: William H. Smith, Milton H. Gardner, and David E. Jenkins of Pisataqua lodge; Charles W. Greene, Caleb Carrier and Orwin Griffin of New Hampshire lodge; and Charles H. Kehoe, Josiah M. Varrell and Ernest Tucker of Osgood lodge. A pleasing feature of the meeting was the presentation of a handsomely framed picture of the degree staff of Osgood lodge to Degree Master John H. Yeaton. The presentation was made by Grand Master Beckford in his characteristic manner and was a complete surprise to Mr. Yeaton.

## INQUIRY AS TO WHEREABOUTS OF RANDALL

One Report States That He Died in a Maine Fishing Port.

Portsmouth relatives of Ralph Randall, a native of this city, and known popularly among his friends as "Rap" has requested the local police to ascertain his present whereabouts. Report has come to them, that Randall who left this city several years ago is dead and it is reported that he came to his death in one of the fishing ports of Maine. Randall has not been seen in Portsmouth for five years. He left here on a fishing vessel. Fishermen acquainted with him saw him in Rockland, Me., about a year ago and at that time City Marshal Michael Hurley received a letter from Randall asking for details concerning the death of his sister in this city. A sister of Randall ended at the police station today, told City Marshal Hurley that a mutual friend told her that her brother was dead, and asked him if he would invite the departments of Maine to make inquiry concerning the veracity of the report.

George P. Frost has secured a position at Hye Beach for the summer. Merton Rowe of Haverhill, Mass., were visitors in town on Sunday last.

Miss Esther Drake is visiting relatives at Kittery Point, Me.

Mrs. William McFadden has returned from a visit to her parents in Wakefield, Mass.

## RAILROAD NOTES

Channery E. Brown, assistant ticket agent at the depot, returns to duty on Friday after a month's leave of absence which he has been passing at his home in the north country.

The directors of the Boston and Maine Tuesday held a protracted meeting at which all the members of the board, with the exception of Messrs. Vail, Richards and Prendergast, were present. The directors concluded to postpone final action upon the dividend, due for declaration at this time, until the June meeting. It is perfectly apparent that there will be no surplus earnings available for dividends, and indications now are that for the year ended June 30 next there will be a deficit after charges. For the nine months ended March 31 interest charges were not earned by \$126,000.

President Mellen presented a statement to his directors yesterday, setting forth among other things the fact that labor costs alone for the past twelve months would show an increase of \$908,000 over the preceding year. No director has yet been chosen to succeed the late J. P. Morgan.

James McDermott of Nashua has taken a position of clerk at the Armstrong depot cafe in this city.

President C. H. Mellen and other officials passed through here on a special train on Wednesday en route to Portland to attend a directors' meeting of the Maine Central.

Tessmer & Lake Erie has ordered eight Consolidation and six Pacific type locomotives from the American Locomotive Co., and Atlanta & West Point has contracted for two Pacific and one switching engines from the same company.

The Baldwin Locomotive Works has received orders for ten switching locomotives from the Michigan Central, ten of the same type from the Cleveland, Cincinnati, Chicago & St. Louis, and five Mikado type from the Southern Pacific.

### ENFORCING THE SIDEWALK ORDINANCE

Deputy Marshal George H. Ducker started out on a crusade to rid the sidewalks of showcases and of articles calculated to advertise the wares of stores. On Market street he found

a wholesale produce and fruit dealer taking up more than the allotted two feet of space allowed. In other sections of the business district he found the ordinance to be in force.

### COLD NIGHTS.

Ice and Frost in the North Country This Morning.

Ice formed on the shore of Lake Winnepesaukee at Waikoro last night and a heavy frost covered the ground in that section of the country this morning. It is feared that the fruit crop will be seriously damaged as a result of the frost which was the second within two weeks.

## WILSON PUTS POSTMASTERS IN CIVIL SERVICE

Washington, May, 8.—All fourth class postmasterships except those paying less than \$180 a year, were thrown open to competitive examinations by an executive order issued by President Wilson today. The positions are retained in the classified service, but about 50,000 incumbents, who are located in the classified service, by executive orders of previous administrations, will have to meet all comers in competitive examination in order to hold their positions with civil service protection.

In a statement making this order public, Postmaster General Burgess announced that it was the purpose of President Wilson and himself to extend the classified service to include presidential postmasters of the second and third class positions within a year.

This may require legislation, he believes he said. The plan which will be laid before the President would provide for a qualification test for incumbents and applicants in keeping with the importance of the office.

Under President Taft's order of October, 15, 1912, fourth class postmasters were divided into two classes—class A, those drawing more than \$500, and class B, those drawing less than \$500. Competitive examinations were substituted for further application for class A, appointments while the class B positions were to be filled upon recommendation of post-office inspectors. Today's order leaves only the offices paying \$180 and less to be filled upon inspectors' reports.

Rules and regulations to govern the administration of the new order will be worked out and announced by the civil service commission as soon as possible.

In his statement the postmaster general said:

"I feel that President Taft's order of October 15, 1912, did not go far enough in that it failed to apply the merit system to the entire service."

## Al Bridwell Tells Why Johnny McGraw of the Giants is Successful

McGraw on the COACHING LINE  
PHOTO BY AMERICAN PRESS ASSOCIATION

Chicago, May 8.—The secret of John J. McGraw's success as manager of the New York Giants was told recently by Al Bridwell, once shortstop of the New York team and now with the Cubs. He said: McGraw's scheme of breaking up the hit and run play is one of the features of his success. He does not allow his shortstop or second baseman to dash over to the bag until after the batter hits. In this way, if the batter does connect, the infielders are still in position to get the ball. This is the way he often breaks up the play. When

## Tobacco That Comes To You Cut Up, Comes Dried Up

Nature never intended anything she grows to be cut up until just before it is used. Everybody knows that food should be fresh—and so should tobacco.

Sickle Plug comes to you fresh—with all the original flavor and moisture pressed into the plug. You slice up the tobacco as you use it, and the last pipeful smokes as cool, sweet and satisfying as the first—because the natural leaf wrapper keeps Sickle Plug fresh. The chopped-up tobacco that comes in packages cannot help getting dry, smoking hot and scorching.

Breaking Into Railroad  
Station.

The break at the Boston & Maine depot at Newmarket, N. H., which occurred Saturday night was cleared up Monday evening, when Officers Penders and Mayall of Newburyport took into custody Joseph Lantle alias Wilson of Exeter, N. H., and John J. Foley of Newburyport on the charge of drunkenness.

When they arrived at the station, a search of their clothing revealed a number of railroad tickets and baggage books. Sunday the marshals received a telephone message from the Newmarket police that the railroad station had been entered and a plan that the burglars would probably head for Newburyport. Officer Penders came across Wilson on Merrimack street and being a stranger he thought best to bring him to the station, which it was fortunate he did. Later Foley was brought in having tried several times during the evening to sell railroad tickets. The Newmarket police and the Boston & Maine authorities were notified.

### BITS OF SPORT.

The withdrawal of the P. U. B. from the Sunset League will make a considerable change in the schedule, which will have to be entirely revised. A seven team league was not very satisfactory and a six league team means that only four games a week will be played, which will allow for play offs owing to bad weather or etc.

Jim Paulson has not as yet accepted the offer of Bob Everhart who agreed Monday night to throw him three times in an hour. Paulson was scheduled to wrestle here on Friday evening but this will be impossible as the promoters only have a license for boxing.

Bill Dyer's injury on Monday evening was much greater than was first thought and Bill will not be able to do any kind of work for some weeks.

There was never such an interest among the Country Club members in golf, as has been shown this season. More members are playing and with the greatly improved condition of the course better golf is being played. The course is months ahead of former years, and showing improvement every day. The tennis courts are now being resurfaced and they will be open for play by Saturday. There are four courts, and so great is the interest in the game that two more courts will probably be built in another season.

The different teams of the Sunset League are getting in what practice they can, so that the opening games should be good.

Several from the Portsmouth Country Club will play in the annual spring tournament at the Country Club, Brookline, May 14, 16 and 17.

## SENATE WILL TAKE TWO MONTHS ON TARIFF BILL

Washington, May 7.—It will be June 1 and perhaps later before the Senate Committee on Finance is through with the tariff bill and able to report it back to the Senate. This information was conveyed to the President by some of the Senate leaders. Senator Hoke Smith, prominent on the Finance Committee, was a caller on the President today. Senator Smith estimated that it would take the Committee at least three weeks to get the bill shaped up and reported back to the Senate. This means in all probability that it will be August 1 before the tariff bill becomes a law. It may even be later than that. Many senators think it will take fully two months for the debate in the Senate and that the bill will not be through that body before Aug. 1. After it passes the Senate, the question of how much time will be taken in conference depends on the importance of the changes made in the Senate.

The opinion is growing that there will be many changes in detail in the

bill in the Senate and that a few important modifications are likely. Free cattle and free wheat have strong backing and stand a good show of being put into the bill in the upper House. Free lions may prevail in the Senate. Sentiment for such a provision is strong, the House having reduced the duty but not putting them on the free list. It is believed free sugar in three years and free wool will prevail in the Senate as well as in the House.

With the summer thus used up on the tariff bill, the chances of currency legislation at this session would at least be minimized.

Philip Frank of Cleveland, attorney for the National Cattle Manufacturers' Association, arrived in Washington today to make a fight for an amendment to the tariff bill by which it will be provided that Schedule K, the woolen schedule, shall not take effect until six months after the passage of the Underwood measure. The Association he represents urges that

manufacturers should have at least that length of time to adjust themselves to the effect of the radical cut in the wool tariffs. Mr. Frank told Senator Pomeroy today and asked the senator to arrange for him to see President Wilson on the question. The senator will try to secure a White House audience for Mr. Frank.

The first attack on the income tax today came from Representative Graham of Pennsylvania who unsuccessfully urged an amendment to change the provision requiring the tax to be paid at the source of income. Representative Hull, in charge of the section, declared the plan had worked successfully for fifty years in England, "where every head carrier understands and approves it."

### LEASED THE WASHINGTON HOUSE.

Charles E. Trafton has leased the Washington House at Jones Beach to John M. Edmunds of Boston, the former owner of the Marden House at Rye Beach, destroyed by fire last summer. The Washington House is owned by the North-Shore Realty Co.

The police now have control of the wrestling and boxing licenses, as they should have. The new ordinance makes it necessary for the Chief of Police to give his approval before a license can be granted.

## NAVAL OFFICERS WILL OBJECT TO GRATUITY PLAN

Washington, May 7.—Naval officers are intensely interested in a proposition which seems certain to be taken up by the House and Senate Naval Committee as part of the plan for amending existing law concerning the naval personnel. It is foreseen that there will be much objection by some members of the House and Senate to any personnel legislation which would increase the cost of the retired list. Indeed, there are evidences that an effort will be made to cut down this item, and it is in that direction that naval officers find occasion for apprehension. They do not know to what extent the legislators may go once they get started in the matter of reform and retrenchment.

All the plans for retirement in order "to regulate promotion" are criticized in Congress as having the effect of increasing retirements and con-

responsibly increasing the cost of the retired list. It would be impossible to realize, to get up a scheme of retirement which would be economical and yet avoid affecting adversely the interests of individual officers.

The latest plan is to arrange for a gratuity in lump sum which shall be paid to an officer on his retirement, after which he shall receive no compensation from the Government. Naval officers will hardly be willing to substitute this lump sum payment for the annual retired pay. It would have to be considerable to justify the preference and there is likely to be much opposition to the plan. Nor is it likely that Congress would be willing to make these lump sums large enough to constitute a real substitute.

## VETERAN FIREMEN HOLD ANNUAL MEETING

Providence, R. I., May 7.—More than 100 delegates representing all of the New England states with the exception of Connecticut, were present at the May meeting of the New England States Veteran Firemen's League, yesterday. They voted to continue the election of officers under the majority rule instead of by plurality. No invitation was received for the annual muster and this was left with the committee.

The delegates assembled at Pioneer hall on South Main street, the headquarters of the Providence Veteran Firemen's Association, where they were welcomed by John J. Keen, president of the local organization, who introduced Mayor Joseph H. Gahner and Alderman J. H. Higgins.

An exhibition was given of the new aerial ladder now in commission with Truck No. 4, and by the Hoadley gas line electric steamer, by the American Locomotive Company, which proved very instructive to the old-time fire fighters.

After the exhibition, a chowder dinner was served under the direction of Capt. George Hunt, following which the president of the league, James H. Walker of Lowell, called the business session to order. Upon the report of Secretary Hathaway that there were 14 associations that were more than two years in arrears for dues, on motion of former President Charles H. Ray of Portland, Me., they were dropped from the league.

The Somerville delegation presented, as a grievance, that last season their association attended a muster that was advertised to be held under New England rules, but where the rules were not used.

President Walker called attention to the fact that the second Sunday in June was firemen's memorial Sunday and requested that every association in the league observe that day in a fitting manner.

A committee consisting of Charles F. Perry of Revere, Mass., Horace W. Gray of Portsmouth, N. H., Frederick P. Hunt of Knightsville, and Patrick Manning of Amesbury, Mass., was appointed by President Walker to take charge of the arrangements for the holding of the annual tournament.

### STATE COLLEGE GRADUATING CLASS

Arrangements have been completed for the graduation exercises of the two-year class of New Hampshire College at Durham, Wednesday after

noon, May 14.

The principal address will be delivered by Dr. Charles D. Woods, Director of the Maine Experiment Station and one of the foremost leaders in agricultural education. The subject of Dr. Woods' address will be "Some Things Worth While."

The president of the graduating class, Jonathan M. Bodwell, of Sanborn, will present the subject "The Old and the New Agriculture of New Hampshire." The vice president of the class, Gordon R. Huse, of Lynn, Mass., will read the class history.

The presiding officer of the afternoon will be Prof. F. W. Taylor, head of the Department of Agronomy, at New Hampshire College.

Following the exercises, which will begin at two o'clock, there will be a reception to the graduates and their friends, at the residence of President E. T. Fairchild, of New Hampshire College.

The class officers of the 1913 two-year class are President Jonathan M. Bodwell, vice president, Gordon R. Huse, secretary, D. Lindsay Kendall, and treasurer, Roger A. Priest.

There are twenty-two men in the class, representing the states of Massachusetts, Maine and New Hampshire. The following is a list of the graduates:

Charles A. Barton, Upton, Mass.; Harry C. Bachelder, Penobscot, Mass.; Benjamin B. Bean, Hiram, Me.; Clarence T. Beaver, South Berwick, Me.; Chester B. Budgett, Worcester, Mass.; Jonathan M. ## The Dear Old Fashioned Mother.

Thank God! some of us have an old-fashioned mother. Not a woman of the period, painted and enameled, with all her society manners and fine dresses, whose white, jeweled hands never felt the clasp of baby fingers, but a dear old-fashioned mother with a sweet voice, eyes into whose clear depth the love light shone, and brown hair, just threaded with silver, lying smooth upon her faded cheek. Those dear hands, worn with toil, gently guided our steps in childhood, and smoothed our cheek in sickness, ever reaching out to us in yearning tenderness. Blessed is the memory of an old-fashioned mother. It floats to us like the beautiful perfume of some wood blossoms. The music of other voices may be lost, but the enchanting memory of her will echo in our soul forever.

## Chasing "Jags" in Newburyport.

It will not be safe to visit Newburyport for a few weeks—this is, if you are a bit unsteady on your feet. The police are locking every man up with the least suspicion of his having had a drink. The license system of disposing of liquor there is opposed by the anti. Some day Newburyport will wake up to the fact that well regulated licensed places is the best way to handle the liquor evil.

## Should Be Closely Guarded.

The tongue is a little thing, but it is mighty in power. It can make or mar the happiness of a life or of a home. It should be closely guarded. The saying of one unkind or unselfish thing makes the next easier, and so on, until a habit is formed that can never be entirely overcome.

## The Happy Days.

We are now approaching the barefoot season, when the small boy is unhappy if he is not allowed to blister his feet on the hot sidewalks, cut them on sharp edged objects, run pieces of glass into them and knock off the nails from the big toes, such is life—with the small boy.

## The Work on Good Roads Delayed.

The fact that the Governor has vetoed the state road plans of the legislature will be disappointing to the rank and file of the people of the state. "Good roads" is not a political question and it is to be regretted that the work on this important matter is not to be continued.

## He Is a Live Man.

The man who has enemies amounts to something. He is a live man. He is a fighter. People don't kick a corpse. A live man can swim against the current; a corpse floats down without hindrance. God bless our enemies. We love them. They make life worth living.

## Give Us the Automobile.

The automobile is no doubt a fine thing and it may bring all the joys to the family that the salesman says it will, but it is doubtful if it brings the real joy to the grownups that a new sled brings to a healthy country boy who lives near a hill.

## Will Be a Great Convenience.

After July first C. O. D. packages will be transmissible by parcel post. This will be a great convenience to the business community but what is more needed is some arrangement whereby we can all get things on credit.

## Work Makes Things Sacred.

Have something for your children to do each evening after school. Work makes things sacred. The child whose home memories are not halved by work, who is not needed and does not feel that need, will not love honor.

## Where Silence Is Golden.

If you cannot speak a good word for your home city and your home business men, then "silence is golden."

## EDITORIAL OPINION.

### Social Overstrain.

Mrs. William J. Ryan, after but two months of the fatiguing life of capital society, has had to give way to a nervous breakdown. Mrs. William J. Ryan was another who was found herself unable to play the exhausting game. Anyone knows personally of

similar instances. The higher the station, the wealthier or more fortunate a woman is, the more likely a victim to nervousness.

You might expect that men, who must bear more than half of the world's physical hardships, would be the chief sufferers from nerves. On the contrary, the doctors say that two thirds of the neurotics are women.

## Prominent Figures In Coming Championship Clash of English and American Polo Teams.

Photos by American Press Association.

Polo players and polo enthusiasts are looking forward with interest to the English-American international championship contests, to take place in the United States beginning June 10. The spirit of rivalry is running high, and some exciting tilts are expected. In the upper part of this illustration is shown Captain R. C. Rison, who probably will be captain of the English team. In the lower part are shown, to the right, H. L. Herlihy, chairman of the American polo committee and manager of its team, and, to the left, Harry Payne Whitney, captain of the American team. The English team is being financed and managed by the Duke of Westminster, who is one of the foremost English exponents of the game.

And unmarried women, the majority of whom nowadays work for their living in competition with men, do not suffer from nerves as do those who are married.

More overwork does not often lead to nervous prostration. The husband and the wife woman rarely hunt the doctor's office for this cause.

The thought evades the physician's hand in her diagnosis and laughter that she is merely kidding. But her occupation may be more exhausting than the shop girl's.

Normal life needs the patient, silent performance of certain regular tasks, once because they are routine, and the mind is adjusted to them. The social leader, on the contrary, is under strain every minute. She is expected to display brilliancy, to carry other bright wits, to grasp social situations, to think and act instantaneously in all awkward places.

Along with the penetration this calls for she must keep forever flowing a sparkling stream of small talk about the nothingness of the day for the big subjects in which she may really be interested seem too deep for the give and take of teas and talks. Verily it is an incredible, when they were required to make belated without straw. No person can long play that game afternoon and evening without going beyond the speed limit. —Manchester Mirror.

## The Two Gentlemen from New Hampshire.

To the credit of the new senator from New Hampshire, he expressed exactly the same views after election which he had previously advanced before that order was passed. Mr. Hollis' maiden speech in the senate yesterday, was an exposition of that radicalism which had characterized his campaign, and really a repetition of what he then said. It is the attitude which gave disgust to many observers who might otherwise have been attracted by his winning personality and unclouded ability.

Mr. Gallinger, his venerable colleague, now the ranking member of the United States senate, took issue sharply with Mr. Hollis, particularly in his claim of a degree of friendship for labor not shared by his republican colleagues.

The public realizes that a sharp antagonism has developed between the American Federation of Labor, or the old-time labor union idea, and the policy and program of the I. W. W. It is not clear that the labor union men of New Hampshire will altogether appreciate Senator Hollis' enthusiasm for the more radical brand of protest.

There are still other complications. The New York Evening Post warmly supported Mr. Hollis during the campaign, and after his victory praised New Hampshire for making so wise a

selection. This is typical of the mump attitude within and without the Granite State. But just how does Mr. Hollis' advocacy of exempting farmers and labor unions from the law of the land for that was the subject on which he was speaking—strike this off-stocking brand of his supporters?

These are contrasts which show the essential elements of disorganization within the democratic party, even at this early stage in its administration. —Boston Herald.

## RYE NEWS

The Ladies' Aid of the Congregational church will give a May pole dance and also will hold a food sale on Wednesday evening, May 14, in the chapel of the church. The children will furnish the entertainment. Attractive booths filled with fancy cakes, confections, etc., will add to the occasion and deserve liberal patronage.

Mrs. Clara O. Walker was the guest of friends in Portsmouth over Tuesday and Wednesday.

The Strawberry festival of both churches will soon be held. The Ladies' Social Union of the Christian church will hold their festival in the hall very soon, as the luscious strawberry is disappearing in price.

Many residents of this town are at present having their houses painted and repaired.

Auto trucks loaded with furniture pass through this town almost every day conveying the furniture to the residence of summer people along the beach.

Preparations are already being made for a busy season by the local hotel proprietors. Many guests have already engaged their rooms.

The summer visitors will greatly miss "The Marden House" which was destroyed by fire last August and has not yet been rebuilt.

The fishermen and lobstermen are reporting good catches and lobstermen promise to be plentiful.

Mrs. Ball of Portsmouth passed Wednesday at her summer cottage near Ragged Neck.

Next Tuesday evening the local Grange will enjoy a strawale to Stratford to attend the Grange meeting held at the Stratford town hall.

The Stratford Grange will observe Neighbors' night and Rye Grange will furnish the entertainment which consists of a spirited farce entitled, "Pete New Housekeeper."

The carpenters of this town are ready to join in the strike for more wages.

## STORE REBUILT AND ENLARGED

A. O. Benfield the grocer, has rearranged and enlarged his grocery store, and it is bringing the proprietor many compliments. The floor space has been enlarged so that it gives increased room for the public and also for the handling of the trade more satisfactorily. It is one of the best arranged stores in the state, and is bound to receive favorable comment by the public.

## MAINE MAN HUNT ENDS IN ARREST

Newport, Me., May 6.—After a four day manhunt in which sheriffs and camp follower volunteers were aided by bloodhounds, Charles Roderick, a fugitive from the Foxcroft jail, was again taken into custody today.

With a rusty, unserviceable Queen Anne musket he had terrorized the countryside and forced farmers to give him food. The constabulary of two constables was convened in war council near here when Roderick appeared at the depot, was recognized by Officer Hefferon and surrendered on demand. Roderick is to answer serious charges preferred by young girls in this section.

The Fort Constitution team had a practice at the play grounds on Wednesday afternoon.

## Feet Tired---

## So Tired?

TIZ Makes Sick Feet Well No Matter What Ails Them.

Send at Once for Free Trial Package.

TIZ acts at once and makes tired, aching, swollen feet remarkably fresh and more beautiful.

It's the sure remedy you know, for weary, bad-smelling feet, and for urticaria, calluses, and bunions, too. "For years I have been troubled with sore and tender feet," suffered intense pains. Have had the assistance of physicians without relief. I bought a box of TIZ, which worked a perfect cure, as it has with a great many of my friends. I would not be without it."—A. F. Breitzer, Chicago.

TIZ is not a powder. Powders and other foot remedies clog up the pores. TIZ draws out all poisonous excretions which bring on soreness of the feet, and is the only remedy that does.

You'll never limp again or draw up your face in pain, and you'll forget about your corns, bunions and calluses. You'll feel like a new person. There are two kinds of people in the world—those that get what they want, and those that get what someone else wants to give them. Be firm—when you ask for TIZ, get it and laugh at the substitute.

TIZ is for sale at all drug stores, department and general stores at 25 cents per box, or it will be sent you free, if you wish. Money back if TIZ doesn't do all we say. For a free trial package write today to Walter Luther Dodge & Co., Chicago, Ill.

GIRLS CLUB  
SCORE SUCCESS

The Girls' Club scored a success at Association hall on Wednesday evening when they presented Miss Fearless and Co. before a large and appreciative audience.

The characters were all taken by the members of the club, and while no names appeared on the program they were all recognized by their friends and at the conclusion of the performance warmly congratulated on their success.

All of the characters were good and they showed careful coaching, while the comedy was staged in fine style for the limited accommodations.

The girls made such a success that it is hoped they will soon again favor their friends with another play.

The cast of characters:

Miss Margaret Denley ... An Heiress

Miss Raphaela ... Her Chaplain

Miss Sarah Jane Lovejoy From the Lost Nation.

Katie O'Connor ... Miss Henley's Servant.

Miss Barbara Livingstone, Miss Bettie Cameron, Miss Henley's guests

Miss Marion Reynolds, Miss Henley's guest.

"Just Lizzie" ... The Ghost

Miss Alina, Miss Alibi, The "Silent Sisters" Supposed to be Jack Eggleston and James Reading.

Characters played by Girls.

Synopsis

Act 1. A room in Miss Henley's country house.

Act 2. Interior of cottage on Spook Island.

Act 3. Same as Act 2.

## HARRY SAYS IT'S DRY

## But He Finds Life Very Rosy Here.

Harry Mack, one of the Port street boys from Portland, struck town on Wednesday, claiming that the dry season in the Pine Tree state, especially in Portland, drove him across the Piscataqua. Harry who is some talker, says it's nothing but water wars in Maine now and the sheriff there are the busiest aggregation he has seen for years. He found life rosy along Water street where he attended several house holding feasts in the third parlors along the water front. Harry who is a father, carpenter, mason, rigger, and an old time telegrapher, was telling a crowd of mechanics where to get off on Wednesday afternoon, when the cop on that beat asked him for a union card. He could not produce the card, and consequently went to the city reformatory where he killed the rest of the day giving his life history to a delegation of local sports who had fallen by the wayside.

# THE HIGHWAY VETO SUSTAINED BY HOUSE

## Police Commission Bill Also Passed --Democrats Canning Everything With a High Hand.

Concord, May 7.—A bill was introduced in the house today from the redistricting committee providing for a change in the senatorial districts and which will give Manchester four senators instead of three as at present. Under the provisions of the bill the sixteenth district will include wards 1, 2 and 3, and will include all of the section of the city north of Amesbury street.

The seventeenth district will comprise wards 4 and 5 and will take in the territory from Amesbury to Spruce street. The eighteenth district includes wards 6, 7 and 8 and takes in all of the territory south of Amesbury street.

The nineteenth district includes all of that section of the city lying on the west side of the river. Under the provisions of the bill changes will be effected in regard to Manchester, the most important and far reaching for a long time.

Manchester will be represented in the upper branch of the legislature by four instead of three senators, and the West Side, which was fortunate in having a senator once in ten years, will be assured of continuous representation.

Speaker Britton capped the house to order this morning at 10:25 o'clock. The governor and council and the senate came in for prayers by the Rev. John L. Wesley of Moultonborough.

Leave of absence was granted Messrs. Waldron of Concord, Gillette and

French of Manchester, Jones of Keene and Hughes of Franklin.

A joint resolution appropriating the sum of \$5000 for the construction of a highway in Jefferson, \$13,000 for the State college, \$11,700 for the School for Feeble Minded Children, which is to provide maintenance for about sixty additional inmates, was passed under a suspension of the rules.

The bill providing for the unifying of the laws relative to police commissioners, one of the administration measures, came in with a divided report from the committee on revision of the statutes, a majority of eight in favor and a minority of six in opposition. Mr. Pillsbury moved the substitution of the minority report for the majority, and that the bill be made a special order for next Tuesday.

Mr. Cutler of Jaffrey believed that the matter should be threshed out today. On a division of the house the motion to put the bill over until next week was lost.

Mr. Pillsbury then moved the substitution of the minority report on the ground that it was simply intended to legislate out of office the police commissioners.

Mr. Jaffrey advanced the bill on the ground that it was an administration measure and gave the governor the power to remove without a hearing.

Mr. Pillsbury inquired of Mr. Cutler if he thought it good policy or law to provide for the removal of a public official without a hearing.

Mr. Cutler got around that question by replying that a governor should be possessed of some discretion.

Mr. Ahern of Concord favored the majority report. Mr. Perkins of Manchester urged the adoption of the minority.

Mr. Downing of Lincoln moved the previous question and the motion to substitute was lost. Mr. Pillsbury demanded a roll call, but withdrew his motion with the understanding that a roll call be taken on the question of the passage of the bill.

Mr. Ahern of Concord moved that the rules be suspended and the bill put on its final passage.

Mr. Howell of Exeter objected, characterizing the action as an attempt to crowd recent legislation down the throats of the minority.

On a division called for by Mr. Howell, the motion of Mr. Ahern to suspend the rules was lost, the necessary two-thirds not having voted, and the bill was made in order for a second reading this afternoon.

The measure providing for a street commissioner in the city of Dover, which legislator George R. Smith, a former member of the street and park commission, introduced until 1913, when his successor is to be elected by the people, was the cause of some argument on the floor, led by Mr. Sherry of Dover and by Mr. Aldrich of this city, who offered an amendment giving the power of appointment to the people.

Mr. Polson of Dover opposed the amendment, saying that Mr. Smith had approved his ability while a member of the board, and that the bill was satisfactory to the people of Dover.

Mr. Seare of Dover opposed the bill, giving as one reason that the salary of \$2500 a year was too large. He believed that the matter should be left to the people.

Mr. Sherry of Dover moved the previous question, and the adoption of the amendment was rejected and the bill made in order for a third reading this afternoon.

The bill providing for the abolishing of the office of deputy tax collector in the city of Manchester came from the delegation with a divided report, a majority of eight in favor and a minority of six in opposition.

On motion of Mr. Pillsbury the bill was made a special order for next Tuesday morning.

On motion of Mr. Ahern of Concord the governor's veto message bill and the governor's veto message were taken from the table.

Mr. Perkins of Manchester spoke briefly explaining the situation in regard to the bill and the appropriation for state highways, and said that the matter was simply as to whether the state wished to continue the present policy of the state in regard to the construction of state roads, and he hoped the veto would not be sustained.

Mr. Morse of Newmarket said that he voted for the bill, but should vote to sustain the governor.

Mr. Demeritt of Durham called for the reading of the governor's message, and then took the floor, saying that the state had adopted a policy of three trunk lines; that when the bill came into the house it had been amended to provide for the construction of cross-state lines. He should vote to sustain the veto.

Mr. Cutler said that the bill never had the sanction of the governor, as claimed, and he hoped the veto would be sustained, and said that the bill was railroaded through the house.

Mr. Brennan of Peterborough denied that the bill had been railroaded through the house; that it had been passed by an overwhelming vote; that the party to which he belonged was not against good highways. The disagreeable thing about the state was that its debt was so low and its highways so poor; that people of the state demanded good highways. He asked the members of the house to allow no one man to dictate the policy of the state in regard to its roads. The judgment of the governor might be good, but it was not superior to the opinion of the members of the legislature and that if the members voted to sustain the veto they would be taking a step they would regret later on. They were responsible to their constituents and not to the governor and it was to them they would have to answer. The policy of the state was in favor of good roads. He was opposed to sustaining the veto.

Mr. Chase of Newport said that the petition purporting to come from the range represented the opinion of the four signers only that the subordinate range had taken any action in the matter.

Mr. O'Neill of Walpole said that he believed in the voice of the people; last November the people elected a governor and innumerable representatives; that the house of representatives was the only representatives of the people. It would take considerable argument that the two hundred and twenty men who voted for the bill did not know what they were doing; that when he voted for the bill he did so representing the sentiments of the residents of Walpole. He asked the members if they were going to stultify themselves by voting to sustain the veto; that they owed it to themselves and to their constituents to vote as they did on the day of the passage of the bill. As to the merits of the case, there was but one answer as to the policy of appropriating two millions for road highways. New Hampshire would realize ten thousand for every thousand invested; that it would mean much to the state to have the word go out that it was in continue his policy of building good roads. The only opposition

# 25 CENT "DANDERINE" FOR FALLING HAIR AND DANDRUFF-GROWS HAIR

Don't Pay 50 Cents for Worthless Hair Tonics--Use  
Old Reliable, Harmless "Danderine"

Thin, brittle, colorless, and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast.

A little Danderine tonight—now—anytime—will surely save your hair! Get a 25 cent bottle of Knawton's

Danderine from any drug store or toilet counter, and after the first application you will say that it was the best treatment you ever made. Your hair will immediately take on that life, lustre, and luxuriance, which is so beautiful. It will become very wavy and fluffy, and have the appearance of abundance; an incomparable gloss and softness, but what will please you most will be after just a few weeks use, when you will actually see a lot of fine downy hair—new hair—growing all over the scalp.

## IN BRIEF

Milford, Mass.—Twenty four men identified with the Industrial Workers of the World strike at the plant of the Draper company at Hopkinton were convicted in the district court here today of violation of a recently adopted town by-law, prohibiting unlicensed parades. Most of the cases were placed on file, but a few fines were imposed. Appeals to the superior court were taken in every instance.

Paris.—A severe sword duel arising out of a quarrel three years ago was fought today between H. C. Berger, son of the Paris deputy, and Georges Drehtmayer, both noted fencers, on the lawn of the Chateau d'Orly, about seven miles south of Paris, and resulted in Berger receiving a serious wound on the right breast.

Syracuse, N. Y.—An all night conference of members of the Syracuse Builders' association and representatives of the striking building laborers failed to settle the laborers' strike and extra precautions are being taken today to prevent a repetition of yesterday's riots.

Washington.—President Wilson gave most of his time today in consultations with members of congress concerning appointments. His longest conference was with Senator J. Hamilton Lewis of Illinois, who said afterward that it seemed certain that Irving Shuman would have a post in the treasury department, possibly that of controller of the currency, and that H. M. Pindell of Peoria probably could have a diplomatic post.

St. Louis, Mo.—George Stovall, suspended manager of the St. Louis Americans, went to Chicago today to lead his case with President Johnson of the American league. Stovall was suspended for splitting on an issue at last Saturday's game.

Washington.—Postmaster General Harrison announced today that it was the purpose of President Wilson and himself to take into the classified service, probably during the next year, all postmasters of the second and third class. Fourth class officers already have been covered by executive order.

Portland.—The concluding session of the Grand Chapter, Royal Arch Masons, was held today.

sons, was held today. The grand officers-elect were installed by Past Grand High Priest Thomas H. Bodge of Augusta. Frederick O. Eaton, Hartford, Clifford J. Patten, Belfast, and John J. Marr, Island Falls, were appointed district deputy grand high priests. Winlow E. Sewell of this city was appointed grand sentinel in place of Warren O. Carney, deceased.

Washington.—Progressive Republican senators, representatives and state leaders will confer informally in Chicago Saturday or Monday, to discuss plans of the Republican party and the advisability of holding a national convention next fall.

St. Albans, Vt.—Announcement that the state would endeavor to eliminate the possibility that the death of 6-year-old Louis Wells was due to accident was made by State Attorney Grayford when the trial of Julius Wells of Swanton for the murder of his child was resumed today.

Abington, Mass.—Testimony intended to show that Mrs. Winifred E. Sutherland was beaten to death with a chair wielded by her husband, James R. Sutherland, at their home in Whitman, was given by Chief of Police, E. A. Brouillard of Whitman at a hearing here today.

San Francisco.—Ad Wolsagast's manager has replied today to a telegram from a Los Angeles fight promoter, asking him if the former lightweight champion would meet Johnny Dundee of New York, in a 20-round bout in that city June 3. In his reply the manager said Wolsagast would meet Dundee at catchweights.

Paris.—France is about to take up legislation for the regulation of aerial navigation. Adrien Thierry, the minister of public works, presented a bill to the cabinet yesterday, providing for the inspection of flying machines the licensing of airmen and the prohibition of flights over certain districts in the interest of national defense.

Portland, Me.—As a preliminary step in quo warranto proceedings which will be instituted to have the courts pass on the legality of his removal from the office of sheriff of Cumberland county by Governor Haines, after his conviction by the legislature for malfeasance in office, Lewis W. Moulton today sent a formal notice to Governor Haines, protesting against the appointment of Everett G. Scully in his place.

Richmond, Va.—The National Recreation congress began its second day with a busy program. Sidney A. Teller, director of Stamford park, Chicago, told of Chicago's progress in the development of small playgrounds. Wallace Hutch of Providence, R. I., and John Lee of Boston and others conducted discussions.

## STARTLING DISCOVERY MADE ABOUT RADIUM

Washington, May 7.—The United States Bureau of Mines has made the startling discovery that more than two thirds of the radium supply of the world is being made in Europe from American ores shipped abroad through the foresight of foreign scientists. Radium is purchasable only in very small quantities and at a price equivalent to \$2,225,000 an ounce, and although from the investigation of the Bureau of Mines, it is shown that the United States has the greatest known supply of radium bearing ores in the world, not one gram has been produced here.

The United States today is in the humiliating position of being forced to purchase at extravagant prices from abroad such radium as its hospitals and physicians can afford for experimental purposes, while we have been supplying the ores from which it is made, said Charles L. Parsons, chief of the division of Mineral Technology of the bureau. "We have paid Europe's prices for what we could get in order to investigate the wonderful properties of radium and their possible application to the eradication of disease. It is needless to say that we have been greatly hampered in our work by the almost prohibitive prices at which the radium has been sold."

Several months ago rumors reached the Bureau of Mines, that Colorado there had been an increased demand for carnotite, the radium carrying ore and that this ore was being shipped abroad in considerable quantities. It was also reported that the Europeans were hoarding up only the highest grades of these ores and that a great amount of lower grade ores are practically being

For some time my kidneys were out of order and caused my back to become very lame and painful. I finally got so bad that I could not attend to my work, as my sudden movement sent sharp twinges through my body. Doan's Kidney Pills, procured from Phillips' Drug Store, came to my relief and have had practically no trouble from my kidneys since using them. ## WILL NEXT TRY WESTMINSTER ABBEY

London, May 7.—An attempt today to wreck St. Paul's Cathedral with a bomb is placed to the account of the militant suffragettes. The infernal machine was discovered by the verger, who conducts sightseers through the vast building when he was making his rounds about 5 this morning.

He noticed a ticking sound near the high altar, and upon investigation found beneath a chair beside the bishop's throne, at the head of the choir, a heavy parcel done up in brown paper. He carried the parcel away, plunged it in a pail of water, and then called the police, who carried it off to Bowditch Police Station, and afterward had it removed to the Home Office for expert examination.

The bomb was painted black and contained two detonators attached to an electric battery. It was filled, among other things, with a substance resembling pieces of coal.

"Small but dreadfully powerful" is the police officer's description of the bomb. When the machine was taken in pieces it was discovered that it was timed to explode at midnight, but a derangement of the clockwork retarded the explosion. Apparently only this accident prevented serious damage being done to the cathedral. A number of brass screws and nuts were found among the contents.

The police are confident that it was placed in position by militant suffragettes or persons in their employ. The general public is admitted to the choir and aisles of St. Paul's Cathedral between 1 in the morning and 3.30 in the afternoon. The cathedral was closed entirely at 6 last evening, and it appears certain that the bomb was deposited before that hour.

The dean conducted even song near the bishop's throne last evening, but neither he nor the verger then noticed the package nor heard the ticking. Plain clothes policemen have been on duty in St. Paul's for several weeks, for the express purpose of preventing militant suffragette outbreaks, and they observed nothing.

Several parts of the cathedral usually opened to the public have been closed today.

Similar Bomb for Newspaper. Shortly after the discovery at the cathedral the police found a similar bomblike package on the steps of a newspaper office in Boulevard street. This also was taken to the Home Office for examination.

These outrages in the center of London were taken generally to indicate that the militant suffragettes had started a fresh havoc working campaign. In revenge for the defeat of the women's suffrage bill in the House of Commons last night.

No arrest was made in connection with the discoveries. The police authorities are considering further measures of precaution against such outrages.

"Arson squads" were also busy early this morning. They succeeded in burning down a pavilion on the cricket field at Bishop's Park, Fulham, in the West End of London, and also set fire to an unoccupied house at Finchley, in the north of London. Suffragette placards and quantities of chemicals were found in the vicinity of the fires, but no other clue to the incendiaries.

Another mysterious fire broke out at a timber yard in Lambeth today, the fourth in London within a few days. It was extinguished before much damage had been done.

No trace of the destroyers of St. Catherine's Church, Hatcham, which was burned yesterday, has been discovered.

The woman arrested on the charge of placing an explosive on the steps of the Grand Hotel yesterday was discharged today for lack of proof.

Heating pills provoke profanity, but profanity won't remove them. Doan's Cathartic is recommended for itching, bleeding or protruding piles. 60 cents at drug stores.

## ITEMS OF INTEREST TO NAVY YARD EMPLOYEES

### U. S. S. Newport On Cruise

The naval training ship Newport, under the command of Captain B. H. Tillman, U. S. N., is on its regular cruise. Halifax was scheduled for the first stop. Then it was planned to go to Bermuda. The ship is chartered yearly by the New York board of education to enable young men to learn to become sailors. Last year she went to England and then took her amateur sailors to Stockholm to see the Olympic games. Secretary Daniels believes in the policy of encouraging young men to learn practical seamanship, and it is likely that other big coast cities will be thus aided by the government.

### Left the Service

Herbert Webb, chief yeoman on the U. S. S. Wisconsin well known here has concluded his enlistment in the service, and is passing a few days with his Portsmouth friends.

### \$4000 for a Ball

What is expected to be the most elaborate ball ever given in Boston by the crew of a U. S. warship is to be held at the Hotel Somerset Tuesday evening, May 13, by 200 members of the crew of the U. S. S. Georgia, which returned Sunday from Mexican waters.

The affair is to be an invitation "military ball and banquet, and will be given at a cost of nearly 4000, with contributions of \$12 each by the members of the crew. About 500 couples are expected and each woman is to receive a handsome bouquet of cut flowers.

Gov. Park, Lieut. Gov. Walsh, Acting Mayor Kenney and officers of the Georgia have been invited. There will be dancing from 1 to 4 a. m., after the banquet, and the decorations will be very elaborate. The crew gave another big ball in Philadelphia in 1907.

### Crew To Have Outing

The crew of the U. S. S. Washington are to have an outing on Sunday next, up the river above Freeport point.

### Star Battleship by Electric Gear

The United States battleship Mississippi has been recently equipped with electric steering gear in place of the steam engine which formerly operated the rudder. The motor is geared in a right-and-left screw shaft on which move traveling nuts which, supported by guides and by means of connecting rods, rotate the yoke on the rudder stock. The motor is started and stopped whenever the rudder is raised.

### Probably Waiting for Report

Nothing official from the department has been learned regarding the bids for the construction of the torpedo boat tender Melville. It is likely that the department will not award the building of this vessel until the board of inspection have made a full report of the conditions which they found at the several navy yards.

### Fuel Oil for Store

A carload of fuel oil from the Texas Oil Co., arrived at the yard store today.

### Now At New York

The board on inspection of shore stations completed their work at Boston on Tuesday and began a tour of the New York yard on Wednesday.

### For Wednesday and Thursday

"Until We Three Meet Again"—Lubin. A story of three chums separating to meet again in ten years, showing the wonderful changes time will bring about in a short time. A two reel feature of unusual interest.

"Billy's Sweetheart"—Edison. A young cowboy finds a baby girl only to lose her after becoming very fond of her. A western drama of great plot strength.

"Some—'I'll Get You"—Miss Nellie Baney. "Playing With Fire"—Vitagraph. "Tired of the restraints of married life, a young woman almost lets her love of society run away with her judgment."

"The Burglar Who Robbed Death"—Stella. A strong drama of the regime of a one time doctor who for the prize prize downward until he becomes a burglar. Pounded upon an incident in real life.

"Song—Your Love Is Mine"—Miss Nellie Baney. "Seven Years Bad Luck"—A very amusing comedy told in a most delightful manner by the Edison company.

Matinee 2.30. Evening 7.00. Saturday evening 6.30.

They expect to reach Washington the last of next week.

### Ten for Machinery Division

The machinery division sent a call to the labor board office today for six machinists and four general helpers.

### Looking at the Plant

Civil Engineer L. B. Gregory is at the Frenchman's Bay, coal plant, East Lamolue, Neb., on special duty in connection with the sale of the plant which the navy department will dispose of by sealed proposals next month.

### Lumber from the West Coast

A carload of spruce, 18,000 feet for the manufacture of spoon cars was received at the general store from the state of Washington today.

### Sending Away Copper

Fifty thousand pounds of copper from the general store here is being made ready for shipment to the League Island yard, Philadelphia.

## The Herald Hears

That there was a heavy frost on Wednesday night.

That the churches of the city have through their musical committees engaged the same singers for another year.

That the playground will see the best season since it was established, this year.

That some of the summer residents of the summer colony at Rye Beach are arriving.

That it will take nearly 80 days to repair engine No. 3 at Manchester.

That the new home has added much comfort to the nursing corps of the hospital.

That it is hard to understand why one part of Daniel street is sprinkled and the dust flies thick enough to blind people on the other end of the highway.

That the Portsmouth delegates to the Foresters Convention at Manchester will ask that the next state event be held at Portsmouth.

That Dover has certainly been in the limelight with its several hills in the legislature.

That many people believe that Judge Shues should be retained in office.

That regardless of what they think the Judge expects to go with the rest.

### THREATENS HIS SISTER

Russell, Thought To Be Dead Is Heard From By Sister.

The police department Wednesday received word concerning the whereabouts of William Russell, a son of Portsmouth, who escaped several weeks ago from the state hospital at Concord. A sister of Russell in the morning received a letter from her brother in which he suggested that he had a grievance against her, that he would attempt to collect vengeance far. Beneath his signature he wrote the name of a Wisconsin town, endeavoring to persuade her to the belief that he is located in the West, but the letter was postmarked at Boston.

City Marshal Hurley forwarded the letter to the officials of the state hospital. A demented man recently killed on the Boston & Maine railroad at Middleford, Me., was believed to be Russell, but the receipt of the letter dismisses that assumption.

93,000 ACRES MORE FOR FOREST RESERVE

Washington, May 7.—Approximately 93,000 acres of mountain land in Virginia, Tennessee, North Carolina, and

West Virginia was approved for purchase today by the National Forest Reservation Commission. This will make almost 600,000 acres bought by the government up to date for the Appalachian and White Mountain Forest reservation.
